MECHANICAL ENGINEERING

The Journal of the American Society
of Mechanical Engineers

INDEX TO VOLUME 43

JANUARY TO DECEMBER
1921

PUBLISHED BY
THE AMERICAN SOCIETY OF MECHANICAL ENGINEERS
29 West Thirty-ninth Street, New York

INDEX
TO
MECHANICAL ENGINEERING
Volume 43, January to December 1921

For Engineering Survey see Separate Index, page IX

D, denotes discussion; *C*, correspondence; page numbers in parentheses are those of Section Two

A

ABBOTT, W. L. Location and distribution of the central station power of the Middle West 443
Aberdeen illustration of ordnance at (121, 192)
meeting on October 7 (102)
meeting, note on the (116)
over 700 engineers guests of Ordnance Department at (121)
Absorption of gasoline from casinghead gas by activated charcoal 601
ADAMS, EARL E. The fuel situation (C) 748
Aerial photography 528
Aeronautic division deplores loss of ZR-2 (113)
Aeronautics, some technical problems in 526
AGNEW, DR. P. G. attends conference of secretaries of national standardizing bodies 499
Air-cooled airplane engines 526
Aircraft bombing tests at Virginia Capes, what they show 624
Aircraft carburetors for 527
AIREY, JOHN. Milling machine feed systems (C) 207
AIREY, JOHN and OXFORD, CARL J. On the art of milling 783
Airplane camouflage 528
engines, air-cooled 526
radiators 528
Airship disaster 693
Alcohol as automobile fuel, note on 422
ALEXANDER, M. W., and JACKSON, D. C. Requirements of the engineering industries and the education of engineers 391
ALFORD, L. P., to head a special committee on meeting activities (79)
Alloy, a new one patented in France 272
steel, a new 390
Aluminum cylinder castings 526
Amendments to the constitution 29
American Association for Advancement of Science plans engineering activity 555
American Boiler Manufacturers' Association, meeting of 287
American deputation of engineers, dinner to 753
American Engineering Council, new by-laws for annual election to (68)
takes over the activities of Engineering Council 145
Important committees of 145
Committee on Classification and Compensation of Engineers 145
elects L. W. Wallace Secretary F.A.E.S. 217
address by Herbert Hoover on Industrial Waste 217
Patent committee report 285
Committee on the elimination of waste in industry, purpose and plan of 284
Hoover resigns from presidency of 354
Committee on Procedure appoints Wallace to U. S. Board of Surveys and Maps 354
relation of, to the reorganization of the Government 421
sends resolution of thanks to A.S.M.E. 495
makes public elimination of waste report 495
work varied and important 627
Patents Committee reports on Stanley Bill 695
Dean Cooley new president of 759
American Engineering Council (Secretary's Letter) (1)
American Engineering Standards Committee recently enlarged 63
American Railway Engineering Association, meeting 356
American Society of Mining and Metallurgical Engineers, F. F. Sharpless elected new secretary of 555
Analysis of machined fits 132
ANDERSON, DEAN F. PAUL, new director of H. & V. E. research laboratory 695
ANDREWS, DAVID H., necrology (139)
Annual Meeting, A.S.M.E., in New York December 5 to 9 754
December 5–9, final plans for 829
ANTHONY, J. T. Increasing the capacity of old locomotives (D) 256
Appraisal, industrial, requirements of an (C) 276
methods (C) 619
Appraisal principles applied to industrial properties (C) 208
Appraisement, engineering (C) 486
ARCHIBALD, HUGH. Principles of industrial philosophy (D) 254
Argentine National Engineering Congress, meeting 762
Armament reduction and the engineer 826
Art of milling, on the 783
Artillery materiel, the development of 167
Ash-pit loss from chain grate stokers, recording 381
A.S.M.E. Affairs—Section Two of all issues
A.S.M.E. Annual Meeting, 1920 37
Presidential address and reception at 37
Business meeting of 38
Fuel Session at 22
Comment on (17)
A.S.M.E. 1921 Annual Meeting, work started on (80)
in New York, December 5 to 9 754
A.S.M.E. Boiler Code Committee, work of the (*See* Boiler Code Committee)
A.S.M.E. Council Notes. (*See* Council Notes)
A.S.M.E. Local Sections Conference at 1920 Annual Meeting (19)
A.S.M.E. Spring Meeting, Chicago, 1921 461
Business meeting, proceedings of the 461
Local committee of the 461
Fuel session 462
Management session 463
First general session 463
Session on education and training 464
Chicago session 464
Second general session 464
Power Test codes session 467
Railroad session 467
Materials handling session 469
Forest products session 469
Power session 470
Aeronautic meeting at McCook Field 471
Rock Island excursion 471
A.S.M.E. Spring Meeting, 1921, tentative program of 353
A.S.M.E., standing committees, annual reports (5)
A.S.M.E., to meet in Chicago May 23–26 353
AUERSWALD, H. R. Absorption of gasoline from casinghead gas by activated charcoal 601
Austria, National standardizing body organized in 63
Automobile headlighting specifications submitted for approval 357
Automobile industry, relation of power presses and dies to the 531
Automobile, influence of on machine-tool industry 529
on lathe practice 532
on gear cutting and gear-cutting machinery 530
Automotive engineers, society of, meeting semi-annual meeting 496
Auxiliary system and heat balance at the Delaware station of the Philadelphia Electric Co 790
AVERILL, E. A. Increasing the capacity of old locomotives (D) 256
Awards, committee on, asks members' comments on Carlson recommendation (67)
Society will inaugurate (17)
AVARS, W. S. Specialized training in college (C) 56
AZBE, V. J. Boiler-plant efficiency 722
Boiler tests with pulverized coal (D) 462

B

BAILEY, E. G. Recording ash-pit loss from chain grate stokers 381
BAIMES, H. A. U. S. Patent Office relief (C) 622
BAKER, C. T. Lubrication and hot bearings (C) 488
BAKER, FRANK D., necrology (81)
BALDWIN, RAYMOND S., necrology (139)
BALL, FRANK HARVEY, necrology and portrait 143
Baltimore Engineers' Club holds its formal opening (77)
BANASH, J. I. Oxy-acetylene welding and cutting blowpipes (D) 464
BANCEL, PAUL A. Steam-condensing plants 711
Banki hydraulic turbine (C) 6
BARBOUR, GEORGE H., necrology (8)
BARNES, G. M. Design and construction of the 16-in. disappearing carriage from an engineer's standpoint 655
BARNHURST, H. G. Boiler tests with pulverized coal (D) 462
BATHGATE, O. H. Efficiency tests of a 30,000-kw. steam turbine (D) 464
BAVIER, CHARLES SAMUEL, necrology (23)
Bearings, hot, lubrication and, editorial 349
Bearings, hot, lubrication and (C) 488
BELKNAP, J. R. The engineer cabinet member (C) 412
Bending in shafts, theoretical consideration of (C) 138
BENEDICT, BRUCE W. Books for supplementary reading by students (C) 137
Readers requested to send suggestions (C) 55
BIBBINS, J. R. Transportation 183
Biographical directory (official) of the four national engineering societies (30)
BLAIR, WILLIAM P. Road construction (D) 469
BLAISDELL, ALLEN H. Capacity tests of dry-vacuum pumps by the low-pressure nozzle (D) 463
BLAKE, C. S. Fuel conservation (D) 29
BLESSING, DR. GEORGE F., death of 626
BLIZARD, JOHN, and KREISINGER, HENRY. Boiler tests with pulverized Illinois coal 321
Blowpipes, cutting, and oxy-acetylene welding, an investigation of 305
BLUNT, J. G. The design of large locomotives (D) 467
Boiler and furnace economy 779
Boiler and pressure vessel inspectors, national board of, meets 213
Boiler Code Committee meets in Rochester 562
work of the A.S.M.E. (57, 139, 210, 343, 415, 485, 619, 749, 824)
Boiler fuel, powdered coal as a, editorial 692
Boiler furnace, advantage of nitrogen in the 802
Boiler Manufacturers' Association, American, meeting 561
Boiler-plant efficiency 722
Boiler tests with pulverized Illinois coal 321
Boiler-water analyses, the interpretation of 319
Boilers, water treatment for 597
Bolinder engine, new, note on 821
BOLTON, R. P. Fuel conservation (D) 28
Fuel conservation (D) (29)
Bombing, aircraft tests at Virginia Capes, what they show 624
Booknotes and reviews 65, 147, 219, 288, 358, 425, 500, 629, 696, 763, 835
Books for supplementary reading by students (C) 137
Books, technical, suggestions wanted on (C) 55
Boston engineers have twelfth annual dinner (54)
Boston Section, council is guest of (53)
Boston Society of Civil Engineers joins F.A.E.S. 354
BOWMAN, M. C. (Lieut-Comdr.) Details of Diesel-engine clutches used in German submarines (C) 278
Branch lines of railroads, making them pay (C) 346
BRASHEAR, JOHN ALFRED, memorial oration 39
BRECKENRIDGE, L. P. elected vice-chairman of the standing committee on professional divisions (53)
The fuel supply of the world 22, 118
BREWER, A. F., and STIVERS, F. A. Relative efficiencies of various types of condensing apparatus 672
Bridgework, economies of, review of 835
British engineers, Americans to greet 349
Brown and Sharpe Manufacturing Company, war memorial of (4)
BROWN, JAMES S. Appraisal principles applied to industrial properties (C) 208
BROWN, R. W. Design of large locomotives (D) 467
BRUCE, A. W. Advantages of large freight locomotives (D) 467
Necessity for improvement in design and operation of present-day locomotives (D) 468
BRYAN, W. E. Power development in the Middle West (D) 470

BRYDON, H. BOYD. Capacity tests of dry-vacuum pumps by the low-pressure nozzle (D) 463
BUCKINGHAM, EARLE. Side-cutting of thread-milling hobs 9
Budget appropriation conference (78)
BUELL, D. C. Fuel conservation (D) 29
BUELL, W. C. Fuel conservation (D) 28
Buffalo engineering federation proposed (69)
BURBANK, EDWARD W. The hydraucone regainer (D) 466
BURGER, M. A new hydraulic turbine (C) 346
BURLINGAME, L. D. The automobile's influence on machine tools (D) 534
The Latin-American situation regarding weights and measures (C) 277
BUTCHER, JOSEPH J., necrology (44)
By-laws for annual election to A.E.C. (68)
By-laws, rules and proposed new constitution (91)

C

Cabinet member, the engineer 281
CALDERWOOD, J. P. Diesel engines in Kansas (C) 488
Calibration of nozzles for the measurement of air flowing into a vacuum (C) 276, 345
Camouflage, airplane 528
Canada, industrial disputes in 214
Candidates for Membership (14, 26, 39, 50, 63, 75, 87, 98, 108, 118, 129, 142)
Capital necessary, fuel saving in relation to 725
Capital, not value, equals production minus consumption (C) 413
Car operation, avoidable waste in—the container car 799
Carburetors for aircraft 527
CARDULLO, F. E. The design of large locomotives (D) 468
Machine-shop practice (D) 534
CARMAN, PRESIDENT, spends day in Cincinnati 32
Carriage, 16-in. disappearing, its design and construction from an engineer's standpoint 659
CARTER, ZENAS. Road construction (D) 469
Casinghead gas, absorption of gasoline from, by activated charcoal 601
Casting, centrifugal, control of, by calculation 727
Castings, aluminum cylinder 526
CASTLE, S. N. Organization of an engineering society (D) 539
CATTERMOLE, MARION. Automatic machinery and furniture manufacture (D) 101
CAVALIER, PROF. JACQUES. Problems and progress of iron and steel metallurgy in France, editorial 827
Central Pa. Section to have big May meeting (55)
Central-station power of the Middle West, location and distribution of the 443
Centrifugal casting, control of, by calculation 727
Chain-grate stokers, recording ash-pit loss from 381
CHAPMAN, W. B. Fuel saving in modern gas producers and industrial furnaces 717
CHAPMAN, W. H. Cylindrical grinding in 1920 173
Character and knowledge in engineering, editorial 348
Chart, organization, of professional divisions, shows development (135)
Chemical Society, American, and Society of Chemical Industry, convention of 696
Chemists discuss developments in scientific research 696
Chicago, A.S.M.E. to meet in, May 23–26 352
Chicago engineers, attention! 187
Chicago meeting of A.S.M.E. sets new standard 461
plans nearly complete (29)
CHRISTY, WM. G. Capacity tests of dry-vacuum pumps by the low-pressure nozzle (D) 463
Cincinnati section holds enthusiastic April meeting (69)
Civil Engineers, American Society of, meeting 215
CLARKE, C. W. E. Heat balance of Colfax Station 795
Cleveland Engineering Society, meeting of (31)
Cleveland regional meeting postponed (68)
Cloths for mechanical uses 177
Clutches, Diesel-engine, details of those used in German submarines (C) 278
Coal, powdered, as a boiler fuel, editorial 692
Coal, pulverized Illinois, boiler tests with 321
Coal, Trent process of cleaning 605
Coals, mid-west, limitations of stokers using 535
Code of ethics, joint committee on 29
COES, H. V. Material handling an important factor in the elimination of industrial waste 803
Organization of an engineering society 538
COGSWELL, WILLIAM B., dies 493
COLE, J. WENDELL, necrology (34)
Colfax Station, heat balance of 795
College reunions planned for the annual meeting (136)
College, specialized training in (C) 56
COLLETT, S. D., elected vice-chairman of finance committee (30)
Commercial and industrial relations, Bureau of 131
Committee appointments completed (30)
new (17)
Committee Meetings (90, 103, 129, 139)
Committee personnel engages attention of first council meeting (123)
Committee reports, annual, synopsis of (7)
to be presented in October (79)
Committees, local, of Chicago Spring Meeting, 1921 461
standing, annual reports of (5)
Condensed catalogues, 1921, being distributed 697
listing forms ready (90)
Condensing apparatus, relative efficiency of various types of 672
Condensing plants, steam 711
Conservation, fuel and its 22
Constitution, amendments to the 29
Constitution, new, by-laws and rules (91)
first on business-meeting schedule (121)
lively discussion is promised at reading of (133)
up for discussion (89)
Constitutions, present and proposed, with discussions thereon 91
Container car, avoidable waste in car operation 799
Control of centrifugal casting by calculation 727
COOKE, A. C. Machine-shop practice (D) 534
COOKE, M. L. Closure to discussion on organization of engineering society 539
On the organization of an engineering society 323
COOLEY, M. E. The relation of the engineer to public utilities, editorial 752
COOLEY, DEAN, new president of American Engineering Council 759
COOLIDGE, R. H. The hardness testing of metals (C) 691
Copper specifications 286
Corncobs and their uses, note on 745
Correspondence 55, 137, 206, 275, 345, 412, 486, 619, 690, 748
Correspondents, 13 appointed to date (89)
Corrosion, control of, in iron and steel pipe 661
Cost Conference, International, held Sept. 14–16 695
Cotton-finishing plants, power applications to 5
Cotton, low-grade, utilization of, and staple waste 596
Council enjoys hospitality of southern cities (65)
Council Notes, A.S.M.E. (1, 18, 30, 41, 53, 65, 77, 123)
Councils, proposed local, in Michigan and Connecticut (101)
COX, JAMES W. Cloths for mechanical uses 177
CRANE, H. M. Fuel conservation (D) 28
Creosoted wood-block factory floors 92
CRERAR, JOHN, library in new home 493
CROCKER, FRANCIS BACON, dies 556
CROMWELL, O. C. Advantages of large freight locomotives (D) 467
The design of large locomotives (D) 468
Cross-ties, machining railroad 99
CULLIN, W. What of the young engineer? (C) 691
CUNNINGHAM, J. F., portrait of (133)
CURTIS, C. D. Planning and organizing a road job for mechanical handling of material 389
Cylindrical grinding in 1920 173

D

DAUGHERTY, R. L., portrait of (133)
DAVIS, FRANCIS W. Motor-truck transportation 181
DAVIS, GEORGE M., necrology (116)
DAY, C. H., portrait of (133)
Definitions and values, code on 805
DeLamater-Ericsson tablet committee 625, 753
Report (C) 55
DeLamater-Ericsson tablet fund (C) 206
DELANY, E. H. Fuel supply of the world (D) 28
Policies for future power development (D) 106
Denver section A.I.E.E. holds annual meeting (78)
Design and construction of the 16-in. disappearing carriage from an engineer's standpoint 659
Design and operation of present-day locomotives, the necessity for improvement in the 455
Design, avoidable waste in locomotive operation as affected by 729
Design of large locomotives 311
Design of steam power stations for hydraulic relay, requirements in the 650
Development of turbine, present trend of 235
DICKINSON, H. C. Fatalities among wood workers (D) 101
DIEMER, HUGO. Supplementary reading for students in industrial management (C) 347
Diesel engines in Kansas (C) 488
Diesel-engine clutches used in German submarines, details of (C) 278
Die sinking and metal patternmaking by automatic machine 584
Digging Panama canals underground by hand 349
DILLARD, J. B., portrait of (133)
Dinner to American deputation of engineers 753
DINWIDDIE, WILLIAM WALTER, necrology (9)
Directory, engineers' official, endorses idea of (C) 275
Directory, official biographical, of the four national engineering societies (30)
DISERENS, PAUL. Capacity tests of dry-vacuum pumps by the low-pressure nozzle (D) 463
Distillation of fuels as applied to coal and lignite 23
DIX, E. H. Aluminum cylinder castings 526
DODGE, HORACE ELGIN, necrology (34)
DOHERTY, HENRY L. Opportunity for engineering service (snow-removal problem), editorial 554
Dollar, unstabilized, and efficient management 281
DOOLITTLE, H. L. Policies for future power development (D) 106
DORMAN, N. W. Machine-shop practice (D) 534
Double-reduction marine gears, a plea for proper setting of (C) 209
Dry-vacuum pump capacity tests 315
DUFFY, P. R. Advantages of large freight locomotives (D) 467
DUDLEY, S. W., portrait of (133)
Duluth Engineers' Club joins F.A.E.S. 354
DURAND, W. F. Application of law of kinematic similitude to surge-chamber problem 643

E

EATON, RUSSELL W., necrology (139)
EBERHARDT, HENRY J. Influence of the automobile on gear cutting and gear-cutting machinery 530
Economies of bridgework, review of 835
EDDY, BENJAMIN S., necrology (82)
Education, engineering, essentials of an 420
Education, engineers conducting pre-college 692
Education, general, and the engineering profession 517
Education, industrial, and the National Metal Trades Association 521
Education of engineers and the engineering industries, requirements of the 391
EDWARDS, D. W. Machining railroad cross-ties 99
Effect of load factor on steam-station costs 108
Efficiency of centrifugal pumps (C) 488
Efficiency tests of a 30,000-kw. steam turbine 450
EINSTEIN, SOL. Machine-shop practice (D) 534
Electrical Engineers, American Institute of, meeting 215
annual meeting 287
meeting 560
submit standards for approval 562
Electrical machinery, A.I.E.E. sponsor for rating of 146
Electrically-driven saw mills 95
Electrochemical Society, American, meeting 424, 763
Elevator standardization 561
Elevators, standardization of 218
Elimination of industrial waste, material handling an important factor in the 803
Elimination of waste in industry 284
report on 579
ELLACOTT, C. H. The largest storage reservoirs of the western hemisphere (C) 345
ELMER, WILLIAM. Modernizing locomotive terminals (D) 256
ELY, S. B. The possibility of improved methods of rolling sheet steel 670
EMERSON, HARRINGTON. Fuel conservation (D) 28
Employment Bulletin (11, 24, 35, 46, 58, 72, 83, 96, 106, 117, 127, 140)
Employment Service of F.A.E.S. conducts special work 627
Energy, form value of, in relation to its production, transportation and application 26
industry's supply of 165
measurement of, in impulse machines (C) 489
Engineer cabinet member 281, (C) 412
in industry, the position of (C) 275
not a good mixer (C) 275
opportunity of the, editorial 280
young, what of the? (C) 691
Engineering and Industrial Standardization 63, 146, 218, 286, 357, 423, 498, 561, 627, 760
and scientific work of the Government 111
Engineering appraisement (C) 486
Engineering assembly planned for January 627
Engineering, character and knowledge in, editorial 348
Engineering Council, brief history of 356
merges into council of F.A.E.S. 145
Engineering education, essentials of an 420
Engineering Foundation Board, A. L. Walker new member of 828
Engineering Foundation issues annual report (55)
wants endowment increase 216
Engineering Index 66, 149, 221, 289, 360, 428, 502, 563, 631, 698, 766, 837
Engineering industries and the education of engineers, requirements of the 391
Engineering in furniture factories 85
in the woodworking industries 85
Engineering Institute of Canada, annual meeting 287
Engineering profession and general education 517
